

Government of Assam
Assam Urban Infrastructure Investment Program
Invitation for Bids No. : AUIP/NCB/03
Dated : 12th May, 2016

Loan No.:2806-IND

Loan Title: Assam Urban Infrastructure Investment Program (AUIP) - Project 1

Contract No.:AUIP/PR-1/DIB/SWM/01A

Contract Title:Construction of Compound wall, River Protection Wall, Access Roads, Security Guard Room and Allied Works of Landfill site at Dibrugarh.

Deadline for Submission of Bids: 17th June 2016, 14.00h (Indian Standard Time)

1. Government of Assam has received a loan from the Asian Development Bank (ADB) towards the cost of the Assam Urban Infrastructure Investment Program (AUIP)- Project 1. Part of this loan will be used for payments under the contract named above. Bidding is open to bidders from eligible source countries of the ADB.

2. The Urban Development Department, Government of Assam (the Employer) represented by Project Director, Project Management Unit, AUIP invites sealed bids from eligible bidders for the Construction of Compound wall, River Protection Wall, Access Roads, Security Guard Room and Allied Works of Landfill site at Dibrugarh.

The main works comprise of Construction of Compound wall with Barbed Wire fencing, River Protection wall, Internal Roads at Landfill site, Erection and fixing of Gate (2 Nos.) and Security Guard Room etc.

3. Particular details of works are:

- Construction of compound wall of 1400 meters in length and 1.5 m in height has been proposed all along the landfill plot for protection of the plot from trespassing and infringement, the length excludes the length of the retaining wall to be provided as a flood protection measure. Barbed wire fencing will also be provided over the compound wall as shown in the drawings enclosed in the bid document.
- It has been proposed to construct a retaining wall of 950 meters length and 3.5 meters height, along the landfill site as a flood protection measure from the near by flowing Sessa River.
- In order to connect the infrastructural facilities such as Compost plant, Leachate treatment unit, Landfill site, office building, operator's rest room with water and sanitation arrangements etc. located inside the SWM treatment site, internal roads for a length of 2300 m and width of 6m are proposed inside the compound of SWM treatment site.
- Two numbers of iron gates of approved design will be provided at the entrance of the compound walls proposed for SWM site and compost plant site.
- Security Guard room will be provided at the entrance of the SWM site to safeguard the materials, machineries and equipment inside SWM site.

4. The estimated construction period for the entire works is 730days.

5. National Competitive Bidding will be conducted in accordance with ADB's Single-Stage: Two -Envelope bidding procedure and is open to all bidders from eligible source countries.
